TRADE IN GRAIN FUTURES  
Publication Resumed

Due to war-time conditions, publication of TRADE IN GRAIN FUTURES was discontinued with the June 1942 issue which was No. 6 of Volume 12. Publication is resumed with this issue, No. 1 of Volume 13, which covers trading operations during July 1946.

There are no published records presently available covering trading during the interval between June 1942 and July 1946.

U. S. DEPT. OF AGRICULTURE  
NATIONAL AGRICULTURAL LIBRARY

FEB 26 1965

C & R-ASF

Key: a - asked price  
b - bid price  
n - nominal quotation

The open contract figures shown in table 1 and subsequent tables are the aggregates of positions long (or short) carried on the books of clearing members.

## CONTENTS

### WHEAT:

- Table 1. Volume of trading and open contracts, all futures combined, by markets
- Table 2. Daily closing prices at Minneapolis and Duluth

### CORN:

- Table 3. Volume of trading, all futures combined, by markets
- Table 4. Volume of trading, Chicago Board of Trade
- Table 5. Open contracts, all futures combined, by markets
- Table 6. Open contracts, Chicago Board of Trade
- Table 7. High, low, and closing prices, Chicago Board of Trade

### OATS:

- Table 8. Volume of trading, all futures combined, by markets
- Table 9. Volume of trading, Chicago Board of Trade
- Table 10. Open contracts, all futures combined, by markets
- Table 11. Open contracts, Chicago Board of Trade
- Table 12. Daily closing prices, Chicago, Minneapolis, and Winnipeg, and rate of exchange, Canadian Currency
- Table 13. High, low, and closing prices, three principal futures, Chicago Board of Trade

### BARLEY:

- Table 14. Volume of trading and open contracts, all futures combined, and daily closing prices of December future, Chicago Board of Trade

### ALL GRAINS:

- Table 15. Volume of trading on all contract markets
- Table 16. Open contracts on all contract markets, close of last trading day

1. The first part of the report is a general introduction to the subject of the study. It discusses the importance of the study and the objectives of the research. It also provides a brief overview of the methodology used in the study.

2. The second part of the report is a detailed description of the study area. It includes information about the location of the study area, the population of the study area, and the characteristics of the study area. It also discusses the data sources used in the study.

3. The third part of the report is a detailed description of the study results. It includes information about the findings of the study, the conclusions drawn from the findings, and the implications of the findings. It also discusses the limitations of the study and the need for further research.

4. The fourth part of the report is a detailed description of the study conclusions. It includes information about the overall findings of the study, the conclusions drawn from the findings, and the implications of the findings. It also discusses the limitations of the study and the need for further research.

5. The fifth part of the report is a detailed description of the study recommendations. It includes information about the recommendations made by the study, the reasons for the recommendations, and the implications of the recommendations. It also discusses the limitations of the study and the need for further research.

6. The sixth part of the report is a detailed description of the study references. It includes information about the sources used in the study, the format of the references, and the implications of the references. It also discusses the limitations of the study and the need for further research.

7. The seventh part of the report is a detailed description of the study appendices. It includes information about the appendices used in the study, the format of the appendices, and the implications of the appendices. It also discusses the limitations of the study and the need for further research.

8. The eighth part of the report is a detailed description of the study index. It includes information about the index used in the study, the format of the index, and the implications of the index. It also discusses the limitations of the study and the need for further research.

9. The ninth part of the report is a detailed description of the study glossary. It includes information about the glossary used in the study, the format of the glossary, and the implications of the glossary. It also discusses the limitations of the study and the need for further research.

10. The tenth part of the report is a detailed description of the study bibliography. It includes information about the bibliography used in the study, the format of the bibliography, and the implications of the bibliography. It also discusses the limitations of the study and the need for further research.
